

BARC Fourth Quarter Activity Report

We remain quite active despite the lack of an established kennel in Bluff.

We have rescued fourteen female dogs, seven male dogs, and 20 puppies.

Dusty Paws has spayed two of our dogs and provided consults as needed.

Paul and Dudley have captured dogs in Mexican Hat and Mexican Water. Dudley picked up a mom dog and 4 puppies in Monument Valley, and three juveniles in Montezuma Creek.

We have given out 200 pounds of adult dog food, 100 pounds of puppy chow and 60 cans of dog food to help with temporary foster care. Dudley has provided an additional 36 days of foster care in his side yard and garage.

Tonya orders all our supplies and helps with vaccinations.

Lois has transported three juveniles to Shiprock. Ed has made multiple trips to Underdog in Moab transporting animals when needed.

Thanks to everyone for the generous donations.

Dudley Beck, President
